

Janine Sargent

Specialism: Mathematics

Phase: Primary

Current Position: Deputy Head Teacher at East Park Academy

Profile:

I am currently Deputy Head Teacher and have been part of the East Park family for three years. I have spent most of my teaching career teaching in year 6 but have experience across the primary phase. I have responsibility for Teaching in Learning and maths across East Park and I have completed the MaST programme and became an SLE in 2012.

I have a particular passion for teaching and learning but nothing gives me more pleasure than teaching maths and sharing this with other teachers so they can share in the fun! I have spent time in many schools supporting maths coordinators and senior leadership teams developing maths but also learning lots in return.
